A company with a tradition of innovation, manufacturing and export of equipment for sewage and effluent treatment plants. Established in 2007, Energy Equipment is one of the fastest growing company engaged in **Manufacture, Export and Supply** of innovative range of equipment for **Sewage and Effluent Treatment Plants**.

We possess state-of-the-art infrastructure equipped with the latest machinery that can efficiently execute bulk order with precision and within stipulated time frame.

We ensure that all our products comply with National as well as International standards of quality and we are ISO9001:2015 certified company.

We manufacturing the following products used in effluent treatment plants and sewage treatment plants.

- Fine bubble air diffusers Tubular and Disc types
- Coarse bubble air diffuser Tubular and Disc type
- Retrievable arrangement fittings for all type of diffusers
- FAB/FBBR/MBBR media
- Fill pack media
- Tube settler media
- SAFF (Fixed Film) media
- Filter press of manual screw type or hydraulic
- EM Bio culture
- Bio nutrients
- Pall rings
