

## AE 1200

12.1" high resolution color TFT display  
ECG, SpO2, Respiration, NIBP & Temperature  
S-T segment analysis, pace-maker detection  
3 level audio/visual alarming  
6 hours battery backup  
7 days trends chart in storage

## AE-800

8" High resolution color display  
ECG, SpO2, Respiration, NIBP & Temperature  
Exquisite design suitable to moving operation  
S-T segment analysis, pace-maker detection  
3 level audio/visual alarming  
4 hours battery backup  
ETCO2, Masimo, SpO2 optional

## AE-700

7 inch high-resolution color LCD display  
Real-time S-T segment analysis  
Pace-maker detection.  
Indication of incorrect manipulation  
7-day trend chart in storage.  
Built-in rechargeable lithium battery  
5-hour working capability.

## CMS 5100

Applicable for adult, pediatric and neonatal  
Built-in rechargeable Li-polymer battery  
Suitable outdoor monitoring.  
Display with 2.8" color TFT LCD  
Visual and audible alarm  
Storage for up to 2000 NIBP and SpO2 data

## CMS 8000

12.1" TFT color Display  
Monitor for adult, pediatric & neonate  
Display 7-lead ECG waveform  
Adopt digital SpO2 technology  
Heart rate variability analysis function  
CMS by 3G, Wi-Fi or wired mode.  
Built-in rechargeable lithium battery

## Comen Star 8000

Support Nurse Call connection  
Trend time 1~96 hours  
Can connect to CMS  
12.1 inch high resolution color TFT display  
Unique NIBP button and NIBP dust shield Design  
Fully meeting basic monitoring requirement  
5-Lead and 3-lead selectable

### Auto CPAP

CPAP and AutoCPAP ventilation mode  
Pressure range 0.4~2.0kPa(0.02kPa Adjustable)  
Integrated Humidifier  
Power fail, tubing drop and asphyxiation alarm  
2.4" TFT color display  
Support largememory card for data recording  
Reader software for detailed records

### Auto BIPAP

CPAP, Auto CPAP, S, AutoS ventilation mode  
Pressure range 0.4~2.5kPa(0.02kPa Adjustable)  
Integrated Humidifier  
Power fail, tubing drop and asphyxiation alarm  
2.4" TFT color display  
Support largememory card for data recording  
Reader software for detailed records

### BIPAP ST

CPAP, S,T, ST ventilation mode  
Pressure range 0.4~2.5kPa(0.02kPa Adjustable)  
Integrated Humidifier  
Power fail, tubing drop and asphyxiation alarm  
4.3" TFT color display  
Support largememory card for data recording  
Reader software for detailed records

Microprocessor controlled  
Compatible with 5/10/12/30/50/60ml syringe  
Automatic calibration of syringes  
110mm LED/LCD colored display  
Automatically calculate, Standby function  
8 types of Alarm function  
Bolus rate programmable-up to 1500ml/hr  
Bottom loading Syring technique

## Beas Syringe Pump

## Beaconn Syringe Pump

LED display syringe rate & running state  
Double CPU system, safer & more reliable  
Flow Rate, time/volume & BOLUS modes  
All brands syringe applicable, 10,20,50/60ml  
Dynamic pressure display, 3-level occlusion setting  
Automatically release impact dose after occlusion  
Vertical & horizontal rotatable fixation clamp

## Oxygen Concentrator

High quality imported molecular sieve  
Digital flow control  
High performance oxygen concentration monitoring  
Safety switch and overload protector  
Specialized nebulization  
Replaceable high efficiency filter

## Zoll M Series

Biphasic Defibrillator  
3/5 lead ECG option  
Energy selection upto 200J  
Less charge time.  
Spo2/NIBP/ETCO2/Pacing  
Inbuilt thermal printer  
Excellent battery backup

## HP Code Master

Charge to 360 joules in 5 seconds  
Paddles for adult and pediatric use  
Long-lasting battery,  
Indicator for paddle contact  
Adjustable heart rate alarms

## Mediana AED

Instant switch from Adult to Paediatric.  
Suitable for all schools, clubs and groups.  
Automatic switch on when lid opened.  
Pads attached, ready for use.  
Pads fit both Adults and Paediatrics.

## CTG Star 5000E

5.7" folding-up LCD screen  
FHR/TOCO/FM/ Inside Battery/112mm thermal printer  
Intelligent 3-Level audio/visual alarm  
Internal printer(Standard), external printer (optional)  
120 hours powerful storage and replaying system

## CTG FC 700

Single Fetus monitor with FHR and TOCO  
Accurate FHR detection  
High Sensitivity 1 Mhz U/S transducer  
A4 size paper thermal printout  
Uses inexpensive fax paper  
Easy to upgrade

## ECG CM300A

Automatic ECG wave measuring  
Monochrome LCD(320\*240)  
80mm wide thermal recorder  
Automatic baseline adjust  
synchronically collect and enlarge 12 leads  
Use unique high precision digital filter

Multi channel 1/3/6/12  
Simultaneous 12 Channel ECG  
ECG Interpretation  
A4 Full Size Paper  
Low Maintenance Cost  
Can use normal fax paper  
PC connectivity (Optional)

## Bionet Cardiocare 2000

## Comen 1200B

5.7 inch TFT color screen  
Lead status indication  
Simple & clear keyboard layout, back light support  
Internal memory of 300 ECG records  
High accurate digital filter (EMG filter, AC filter, Drift filter, lowpass filter)

## Drager Evita XL

Mask ventilation with NIV plus  
Integrated CO2 monitoring  
Lung protection package  
Advanced application functionalities  
Neonatal, Pediatric and adult

## LTV 950

Extensive patient monitoring capabilities  
Comprehensive alarms package  
Optimum patient care  
Easy operation due to its intuitive design  
Low Flow / Low Pressure

## Drager Oxilog 2000

Designed to be used outdoors  
Integrated audible and visual alarms  
Functions pneumatically operated  
ready to meet rough conditions  
four ventilation modes

Suitable for adult or paediatric patients  
Combines volumetric & barometric ventilation  
Tidal volume from 50mL to 2500mL  
Wide range of external supply: 12V - 28V DC  
Built-in Battery backup  
LCD touch screen  
Two preset ventilation configurations

## Elisee 150

MEDIZU HEALTHCARE , 949 DASHMESH NAGAR , LUDHIANA  
+918360466977 , 9914326260 , Whatsapp 98034-47347

Separate controls for tidal volume & frequency  
 Unique CMV/Demand - Demand feature  
 Patented mode of operation  
 Adjustable pressure relief & audible alarm  
 Air mix facility, Optional PEEP facility  
 Integrated pressure monitoring/alarm system  
 Low gas supply indicator

Refurbished Bipap / Cpap  
 Branded or non branded  
 Excellent condition  
 Superior quality

Vein finder for Pediatric use  
 Anti Shock  
 Anti Heat  
 Extra Bright  
 Adjustable brightness  
 Export Quality

Vein Finder

**Versamed 201**

ICU Cum transport Ventilator  
 Turbine based and MRI Compatible  
 Invasive or Non Invasive  
 Assist/ SIMV/ Volume/ Pressure control  
 Bi-Pap / C-Pap / PSV  
 Easily upgradable  
 Light weight (11.3 KG )  
 Inbuilt battery backup

Auto mode  
 Neonate to adult patient range  
 Wide range of ventilation modes  
 Easy to use  
 O2 air gas module filters bacteria

**Siemens 300/300A**
